CASTLE & COOKE
IMPORTERS

STEEL PLOWS

The following line of
goods was gotten up
especially for the Is-
land trade, and a notable
feature on which we
have testimonials is
their Good Scouring
qualities and light
draught.

THE QUEEN THE MONARCH.

Sizes 6, 8 and 10 inches.
SIZES 12 and 14 inches.

We carry also a com-
plete line of extras for
the above.

We can furnish you
also with ROAD
SCRAPERS, UP-
RIGHT DRILLS,
FEED SCRAPERS.
And in the Household
Department, just re-
ceived, a new lot of

Cocoanut

Door Mats,

and another car load of

Garland Stoves
and Ranges.

MONTEREY AND BRUTUS GO

SAIL EARLY THIS AFTERNOON
FOR MANILA.

Go to Solve Two Unried Experiments,
to Take a Monitor Across the Ocean
and Coaling at Sea.

The Monterey and Brutus are off
to Manila. The Monterey threw off
her last line, heaved her anchor and
moved out of the harbor at half past
1 this afternoon. The Brutus start-
ed half an hour later.

If the Monterey succeeds in coaling
at sea from her consort the Brutus,
she will accomplish a feat hitherto
never successfully tried. But then
the whole project of sending the Mon-
terey 7,000 miles across the ocean was
a bold and daring experiment. She
was built for a coast defense vessel,
and it was never expected she would
make long trips at sea. But when she
was built the United States had no
coast in the far east to defend. With
Dewey's victory it has gained some,
and the Monterey is going to defend it.

No plan has ever been definitely
worked out and put to the test of ac-
tual experience for coaling a modern
war vessel at sea from an iron mer-
chantman. The officers of the Mon-
terey and Brutus have no definite one.
They have several that have been fig-
ured on, each believed to be adapted
to particular circumstances that may
be met with on the trip. One of these
is to stop at some island between here
and Manila and in the lee in very
calm water the two vessels may be
brought alongside each other and the
coal be taken direct from one to the
other.

Another plan is to use boats of the
kind used in these Islands for light-
ering merchandise and passengers from
the Island steamers in rough and
boisterous roadsteads. For this pur-
pose two of these boats were pur-
chased here and were on the deck of
the Brutus when she sailed.

It is believed that while the Mon-
terey is in tow these boats can be load-
ed and by means of lines allowed to
drop back to the Monterey and be
discharged on her. As one of the of-
ficers described it, the plan is for a
sort of aquatic cash system, with the
coal for cash and boats for carriers.

In default of the success of all these
plans, the Brutus may tow the Mon-
terey the whole distance.

THE CURTIS CREW.

The American ship George Curtis
will not be able to sail until the gov-
ernment tug gets back from Makena.
Meanwhile her crew are guarded on
board. All last night two boats were
kept near her with watchers in them
to prevent the sailors from jumping
overboard and swimming ashore.

MOHICAN AT PRACTICE.

All the guns of the Mohican were
used in the practice off Lahaina last
Monday. For a crew new to the speed
and pitch of the ship excellent work
was done. The semi-circle on the tri-
angular target was found many times.
One shell aimed at the center went
so true as to cut off the flag staff. El-
evations in nearly all cases were cor-
rect, which is the most important
thing in sea fighting.

APPROVED THE PLANS.

The jury appointed in the matter
of opening Allen street met at the
Marshall's office at 10 o'clock yester-
day, and, after a preliminary sitting
went over the ground from the fish
market to the terminus below Kewalo.
Upon careful consideration it was
unanimously decided that the plans of
the government were proper and
should be carried out. This conclusion
is incorporated in the written
findings of the jury. The jury was
made up of the following gentlemen:
J. A. Gilman, George R. Carter, John
Emmeluth, W. W. Dimond, T. W. Hob-
son and George E. Smithies.

The Minister of the Interior has
ordered the Road Supervisor to post
notices calling for claims for dam-
ages for the extension of Allen street
over the land from the public mar-
ket to the beach road below Kewalo.

FRESH IMPORTS.

By the Bark Dimond, Camarinos
will receive cherries, rubarb, aspara-
gus, celery, cauliflower, fresh salmon,
crabs, flounders, oysters (in tins and
shell), apples, grapes, lemons, lemons,
Burbank potatoes, pure olive oil, dried
fruit, new crop of nuts, raisins,
etc. California Fruit Market, King
street.

MESSANGER SERVICE.

Honolulu Messenger Service deliver
messages and packages. Telephone,
378.

Fine Repair Work.

When your Bicycle, Gun, Type-
writer or any article of fine me-
chanism needs repairing and you
wish a job which is certain to
prove satisfactory, bring it to us
and we will fix it for you and
guarantee it fully.

We take pride in turning out
only the very best of work and
will call for and deliver it to any
part of the city.

Pearson & Hobron

312 Fort street. Telephone No. 565.

ANSWER OF THE PRINCES

OTHER SIDE OF THE KAPIOLANI
DEED MATTER.

General Denial to Allegations of the
Queen Dowager—Transfer was
Genuine.

Princess David Kawanakoa and
Jonah Kalaninole, by their attorneys
Kinney & Ballou, today filed a lengthy
answer to the action of Kapiolani,
noted two days ago, to set aside a
deed in which she conveyed to them
all of her property interests, real and
personal. Aside from the bare facts
of the original conveyance each and
every allegation is specifically denied
and dilated upon in explanation. The
young men point to numerous wit-
nesses and evidence that the Queen
Dowager realized the purport and the
force of the deed and that she recog-
nized the legal validity of the trans-
fer.

One of the points particularly re-
ferred to is the fact that Kapiolani
wrote her signature across each page
of the deed, to confirm the genuineness
of the entire document. Respon-
dents affirm that this was done in
the presence of several witnesses be-
sides themselves. The business of re-
cording and filing the deed was car-
ried out with the knowledge and as-
sistance of certain parties recognized
as being advisers and agents of the
Queen Dowager.

The point about not paying over the
sum of \$1,000 a month as agreed is
explained. Respondents state the ad-
vice of the Queen Dowager's physi-
cians was that she should not attend to
any business at all. They proposed
that the "boys" look after her private
matters, which met her entire ap-
proval.

Respondents pray that the com-
plaint be dismissed with costs.

COLONEL NORRIS HOLDS BACK.

Colonel Norris, who sold the Kahulu
plantation to the Hawaiian Agri-
cultural Company, for \$100,000, some
time ago, now refuses to sign the deed
and he is said to give as a reason that
he is instructed by his agent, George Car-
ter, not to sell to any "Missionary
firm."

Earnest money to the amount of
\$1,000 was paid at the time of the sale,
the balance to be paid in sixty days.
The purchasers will go into court if
necessary to compel the transfer of
the property.

ANOTHER KAHULU CASE.

The Hawaiian Commercial and Sugar
Company today entered suit
against the Kahulu Railway Company
for the recovery of a strip of land
eighty feet wide extending from the
school house at Walluku, thence along
the center line of the tracks N. 54 de-
grees E. 600 feet to where it joins the
tracks running from Kahulu to Pain.
Plaintiff prays the restitution of the
property and judgment accordingly,
with costs.

THE BEHRING SEA.

The schooner Behring Sea arrived
at noon yesterday from Seattle, with
100 tons of hay, grain, flour and shingles
for the California Feed Company.
The shingles were piled on deck. A.
O. Stevens of the Beretania street
warehouse, came down in charge of
the vessel and cargo.

The Behring Sea was bought by the
California Feed Company for parties in
Honolulu. She will be registered
under the Hawaiian flag and will ply
between the Islands. The little schooner
was built at Tacoma two and a
half years ago for local trade, and has
never been registered. She is one of
the fastest sailers of her class ever
built on the coast. The trip down
was made in 23 sailing days, which
beats the usual time by from ten days
to two weeks.

DANCE OF THE INDIANS.

Invitations for the dance of the Im-
proved Order of Red Men are out.
The affair will take place in Waverly
hall on Friday evening, beginning at
8 o'clock.

AT THE BUTTS.

The June shoot for bars in the mil-
itary will close tomorrow. It has
gone on for ten days. In all proba-
bility the shoot for the Marlin trophy
will be ordered for next Satur-
day. If so, it will be announced in
the papers tomorrow or Friday.

AN OFFICIAL RECEPTION.

Minister Sewall will hold a recep-
tion from 12 o'clock noon to 1 p. m.,
next Monday, June 28th, to govern-
ment officials and members of the dip-
lomatic corps. There will be no re-
ception to the general public on that
day.

REV. JUDSON SMITH.

Rev. Judson Smith, one of the sec-
retaries of the American Board of
Missions, is a through passenger by
the Rio de Janeiro for the States. He
has just completed a tour of all the
missions of China and collected a vast
deal of information concerning them.
Dr. Smith was shown the missions
of Honolulu this morning by Rev. O.
H. Gullick and Rev. O. P. Emerson.
A special meeting is being held at
the rooms of the American Board
from 2 o'clock this afternoon, at
which Dr. Smith is relating some of
his experiences during the China tour.
The secretary continues his journey
by the Rio.

OFF FOR GUANO ISLANDS

WALAIALE TO VISIT LAYSAN
AND MIDWAY GROUP.

Senator Wilcox and Dr. Averdarm on
Important Business Mission—Away
a Month.

The steamer Walaiale of the I. I.
S. N. Co.'s fleet will sail early next
week for Laysan Island and one of
the other Islands and groups of the
Northwest. She goes on an import-
ant business mission. On board will
be Senator G. N. Wilcox, a large stock-
holder and officer of the Pacific Fer-
tilizer Company, and Dr. Averdarm,
the chemist at the Kalia works.

The Fertilizer Company has a
lease of Laysan Island and work the
extensive guano deposits there. Be-
sides the necessary houses, store-
rooms and loading apparatus, the com-
pany keeps a big gang of Japanese
workmen on the Island in charge of
lunas sent down from here. From
three to six sailing vessels are sent
there in a year to bring the guano to
Honolulu.

Senator Wilcox's mission is, first,
to find out the extent of the deposits
remaining on Laysan Island and to se-
cure a definite estimate of future im-
portations. Then to proceed to other
Islands in the Windward chain and
ascertain the extent and character of
deposits they may bear, the idea be-
ing to extend the business to such of
them as may be worked profitably.

It has long been held that the Mid-
way group, which belongs to the United
States, is rich in guano. There be-
ing a safe anchorage in Wells' har-
bor, shipping would be easy. Necker
Island, French Frigate Shoals, and
some other land plots in the neigh-
borhood are also said to contain val-
uable deposits. Under annexation
there would perhaps be no difficulty
in securing a lease of the Midway
beds.

If the mission of Senator Wilcox
is successful, as it probably will be,
the business of the company will be
materially augmented. At present
the supply is hardly equal to the de-
mand, and with increasing demand,
the matter of supply becomes quite
a problem.

The Walaiale, with the "prospect-
ing" party, will be away for about a
month.

LAI TO REST.

The funeral of the late Mrs. Bruce
Cartwright was held yesterday after-
noon from the family residence, on
Beretania street. Rev. Alex. Mack-
intosh conducted the services. The
interment was at Nuanu cemetery.
The pall bearers were J. M. Monsar-
rat, Dr. C. B. Wood, W. M. Graham,
E. C. Macfarlane, Dr. Raymond, J. P.
Walker, C. G. Ballentyne and A. M.
Brown.

COFFEE FOR RED CROSS.

The Olua planters forwarded 770
pounds of green coffee by the Annie
Johnson to the Red Cross Society of
San Francisco.

The will of the late Charles H.
Wetmore has been entered for probate
with Henry Deacon and Dr. Frances
Wetmore as administrators.

The Campbell, Friedberg master,
sailed for San Francisco Wednesday
morning, with 17,500 bags of sugar,
valued at \$73,605.72, shipped by Ono-
mea and Honoum.

The Victoria University of Toronto
has conferred the degree of Doctor of
Divinity upon the Rev. John Wake-
field of Dundas, Canada, the father of
P. M. Wakefield of this city. The
reverend gentleman is one of the old-
est alumni of this well known seat of
learning, having graduated in the
class of 1852.

COAL VESSELS COMING.

The following vessels with coal for
the United States government, to ar-
rive in July, are now on their way
from Nantaimo, B. C.: C. T. Sargent, J.
B. Brown, Sea King and Topgallant.
These vessels will bring about 6,000
tons.

BEFORE THE PRESIDENT.

At 4:30 yesterday afternoon Com-
panies A, B and C of Kamehameha Ca-
dets, 100 strong, had public drill on
the school campus. "Major" C. F.
Perry was in command. The excel-
lence of movements won the plaudits
of all present. After the drill the
battalion marched in review be-
fore President Dole.

At 8 o'clock last evening the pupils
of the Girls' School gave a Hawaiian
reception to a large number of their
friends.

THE HEALANI DANCE.

A Fourth of July dance will be given
by the Healani Boat club on Mon-
day evening, beginning at 8 o'clock.
It will be a ticket affair. W. E. Wall
and C. B. Gray compose the commit-
tee.

FOURTH OF JULY BUNTING.

The Sachs Dry Goods Company
have American flags and American
flag bunting for decorations. They
can sell in large or small quantities.

WHY NOT BUY A SINGER?

You want a sewing machine? Then
why not buy a Singer? There has been
more of them sold than any other
make. They wear longer, run light-
er and do better work than any other
make. They have never been a cut
price machine, the workmanship on
the Singer will not admit of cut prices.
A few dollars in the original cost
between a good machine and a
poor one counts for nothing. B. R.

LIGHT WINE BILL DEBATED

MEASURE PASSES SECOND READ-
ING.

In the Senate the Bill to Favor Law-
yers in the Use of Registry Books
Tabled.

Representative Richards in the
House this morning reported the fol-
lowing bills as being under consid-
eration by the President:

Substitute to House Bill 27, relating
to circuit courts; Senate Bill 21, relat-
ing to telegraphic cables; Senate Bill
36, relating to licenses.

The light wine and liquor bill was
then taken up on second reading.

A proposed amendment by Repre-
sentative Gear to Section 2 against
the exclusion of parties interested in
the liquor business from acting as
bondsmen for licenses, was lost, as
was also an amendment by Repre-
sentative McCandless to extend the
limitation of business hours, which are
now 7 a. m. to 8 p. m., to 6 a. m. and
9 p. m.

Representative Robertson spoke
against a prohibition of the sale of
light liquors on Sunday, and favored
the granting of a Sunday license, he
claiming that at such resorts as Wai-
kiki and Ewa, patronage could be ex-
pected on no other day. This amend-
ment was finally defeated, after some
spirited arguments. Second reading
was then completed and a recess taken
until 2 p. m.

SENATE.

In a special message President Dole
submitted for the confirmation of the
Senate the nomination of Henry Laws
to be Auditor General of Hawaii.

The Judiciary Committee, by Sena-
tor Holstein, recommended the pas-
sage of Senate bill 50, an act relating
to the registry of conveyances.

Senator McCandless led a spirited
attack upon the report and the bill.
By permitting lawyers and notaries
to use the books of the registry office
free of charge and assessing the gen-
eral public 20 cents for each book used
an instance of class legislation would
be perpetrated that would be a dis-
grace to any Legislature attempting
it. The speaker moved that the bill
be tabled. Carried by a vote of 8 to 3.

There was a great deal of discussion
among Senators before the session
this morning on the report of the
committee on the franchise of the
Rapid Transit Company. It is learned
that an agreement was not reached,
and the report "went by default" for
another day on account of not having
the requisite number of signatures.
It will be slightly amended and put
in tomorrow.

A number of promoters of the rail-
way scheme were present during the
entire session, expecting that the re-
port would be presented. They were
greatly disappointed that it was not
put in.

ATTEMPT AT BURGLARY.

American Legation was Visited Last
Night.

About 11 o'clock last night when
the Portuguese coachman of the
United States Minister Sewall return-
ed home he found a strange white
man on the rear veranda of the Lega-
tion. He called out and was immedi-
ately grappled by the stranger, strug-
gled and knocked down. The would
be burglar then ran out and jumped
the fence, followed closely by a com-
panion who appeared from some other
part of the grounds. The Portu-
guese ran to the carriage house and
came out with a pitchfork, but was
too late to use it.

The facts of the attempted burglary
were immediately telephoned to town
and David Kapua, with about a dozen
men hurried to the scene. Two spe-
cials were left at the turn at Pawa,
two more sent to the crossing at Pa-
lola, and another pair to the new
beach road. This thoroughly shut up
the district. Four men then went in-
side to search for the miscreants.
They remained on the alert up to 1
o'clock today without results and
then gave up the job as a bad one.
The men had evidently escaped before
the detectives reached the neighbor-
hood.

THE LABRADOR CASE.

Proceedings for the condemnation
of the schooner Labrador have been
postponed in the circuit court to Au-
gust 8th in order that a commission
may take the evidence of parties on
the Sound, said to be interested in the
vessel.

The government tug sailed last
night for Makena to bring back the
Labrador. She will probably be gone
for two days.

WON OUT AGAIN.

At the Red Cross Bicycle meet the
Sterling won First and Second places
in all the finals and two-thirds in
the finals, and two Firsts and a Third
in the trial heats of the half mile op-
en amateur. Three cheers and a tiger
for the Sterling bicycle. What
better mount do you want? Pacific
Cycle and Manufacturing Co., agents.

FOR ONE WEEK.

Great bargains will be offered for
one week at L. B. Kerr's Queen street
store. Sheet, pillow casing, table
linen, napkins and dress goods, will
be sold at cost prices. Heads of fam-
ilies will no doubt take advantage
of this sale to lay in a year's supply.

The store that

CAPTAIN GRIDLEY'S ASHES

ABOARD THE RIO IN A MORTU-
ARY URN.

In Respect and Honor of His Memory
Flags Float at Half Mast in the
Harbor.

The Rio at the wharf floats her
flag at half mast. The Mohican, Mon-
terey, Brutus and many of the mer-
chantmen in the harbor display the
same symbol of respect for the hon-
ored dead.

The ashes of the late Captain Grid-
ley, who commanded the flagship
Olympia at the battle of Manila, are
being carried by the Rio to the land
of his nativity and the home of his
family. They are contained in a mortu-
ary urn, for at the request of the
family, sent by cable, the remains
were incinerated at Yokohama.

The Rio sailed from Yokohama on
June 18th, three days out when in
latitude 33 degrees north she encoun-
tered the northeast trades, and had
them all the way, retarding her pro-
gress so that she arrived here nearly
a day behind her schedule time.

Of events in the far east the Rio
brings very little news. While at
Hongkong First Officer Robinson
learned that Admiral Dewey had
dragged up the end of the cut cable
between Manila and Hongkong, so
that he was in a position to control
communication both by cable and by
sea. He was only waiting for men
and instruments to put the cable into
operation for military and naval pur-
poses.

With the cable in operation much of
the necessity for the use of the Mc-
Culloch as a dispatch boat between
Manila and Hongkong would cease.
She is accordingly to be mounted
with heavier guns and be made a war
vessel of the auxiliary navy. Captain
C. L. Hooper, who passed through
here on the China, goes to take com-
mand of her.

The Rio saw nothing of the trans-
ports of either the first or second Ma-
nila expedition.

She will sail for San Francisco at 4
o'clock this afternoon. Probably the
next time she is seen in this port will
be as a transport carrying boys in
blue.

TENNIS TROPHIES.

The silver cups offered by G. P.
Wilder for the gentlemen's doubles,
and won by Willie Roth and Wilder
Wright, in the tennis tournament, will
be presented after the finals this af-
ternoon at the Beretania courts.

D. Shanks and Miss Hart won from
W. H. Babbitt and Miss Young, and
W. A. Wall and Miss Lucy Ward from
A. St. M. Mackintosh and Miss May
Young in the mixed doubles, tennis,
yesterday afternoon. The finals will
be played at 4 o'clock this afternoon
on the Beretania courts.

MR. REYNOLDS' RETURNS.

C. B. Reynolds returned by the Ki-
nau yesterday afternoon from a pro-
longed visit to Molokai. He waited
several days over time for the Helene
to arrive with a load of cattle. Giving
the matter over in disgust at last, he
crossed the Palu to catch the Kinau.
After boarding the latter vessel he
learned that while he was climbing
the precipitous mountain ridge the
Helene had arrived, discharging her
cattle and was at that time coming
around the point on her way to Hon-
olulu.

Mr. P. Ketchum of Pike City, Cal.,
says: "During my brother's late
sickness from sciatic rheumatism,
Chamberlain's Pain Balm was the only
remedy that gave him any relief."
Many others have testified to the
prompt relief from pain which this
liniment affords. For sale by Benson,
Smith & Co., wholesale agents for the
Hawaiian Islands. All druggists and
dealers.

AT HALF PRICE.

Ribbons, laces, millinery goods and
trimmings will be offered at half
price for one week at L. B. Kerr's
Queen street store. We always do
what we advertise, and the rush for
bargains will be great. This sale will
last only one week to make room for
new goods to arrive.

Awarded

Highest Honors—World's Fair.
Gold Medal, Midwinter Fair.
